

Travel Information

SSS2013 will be held at Osaka university convention center, which is located at Osaka university Suita campus.

From Airports to Downtown

Osaka has two airports: Osaka airport (Itami) and Kansai international airport (KIX). Both of them serve several public transportations to major train stations, which is indicated in the right map. You can find the details in the following websites.

[West JR route finder](#): Timetable, recommended routes, and fare. Note that you should type the station name of KIX as “Kansai-airport.”

[Osaka Monorail](#) : Timetable and fare.

[Nankai Railway](#) : Timetable and other stuffs.

[Kansai Airport Limousine](#) : Timetable.

From Downtown to Venue

We have the three ways to get the venue from near train stations: Bus from Senri-chuo, bus from Ibaraki, and walk from Handai-byoinn-mae.

From Senri-chuo (15 - 25 min.): Take a Hankyu bus No. 103, 105, 164, or 171 departing from the bus stop 6. The weekday timetable is [here](#).

From Ibaraki (15 – 25 min.): Take a Kintetsu bus No. 24 or 25 departing from the bus stop 2 or 4 (basically from stop 2 at earlier than 9AM of weekdays, and from stop 4 otherwise). The time table is [here](#) (from stop 2) and [here](#) (from stop 4).

Walk from Handai-byoinn-mae (10 – 15 min.): Bypassing the tall building in front of the station (university hospital), you can go to the campus.

For the details, check out the campus map and bus-stop guide map attached below.

ICOCA and Discount Tickets

Every route from hotels to Suita campus needs some public transportation. To make your payment easy, you can use ICOCA, a pre-charged IC card for Kansai area public transportation. ICOCA supports almost all local trains and some bus lines (including the line from Senri-chuo to Suita campus). ICOCA can be bought at every JR station and charged almost all train stations (even other than JR). The details are found in [West JR website](#). If you will arrive at KIX and want to buy it, [ICOCA and Haruka](#) is highly recommended. If you will have a personal travel in Japan before/after the conference, [Japan rail pass](#) is also recommended.

Guide Map for the Bus Stop at Senri-chuo Station

The white and light-grey zone is the ground floor (white is the road for cars). The dark-grey zone is a pedestrian deck. The station of Midosuji line is located at the basement floor of Senchu PAL (a shopping mall), and the monorail station is directly connected with the pedestrian deck. Bus stop 6 is located between PAL and Hankyu Department Store. You can see the pictures indicated by two red arrows via Google street view ([view 1](#), [view 2](#)).

Guide Map for the Bus stop at Ibaraki

The white and light-grey zone is the ground floor (light-grey is the road for cars). The dark-grey zone is a pedestrian deck. You can reach bus stop 4 by walking on it. You can see the pictures indicated by the red arrow via Google street view ([view 1](#)).
